These measures are taken to ensure optimum security for the benefit of all tenants. After exterior doors are locked, *TENANTS* may leave through any **GLASS** exit door that has a push bar or thumb latch without sounding the alarms. All persons exiting after hours should ensure that the door latches properly after them. The white parking access card opens the underground garage door at the bottom of the ramp 24/7. The **underground door into the mall is unlocked daily at 7 am** and locked at the same time as the main entrances. If the doors leading from the garage into the building near the glass elevators are locked, a Medeco key is required to unlock the door. Alternately, you
