

A photograph of a brightly lit indoor playroom. On the left is a grey and red plastic playhouse with a blue roof. In the center, there are several large, colorful foam blocks in shades of blue, red, and orange. To the right, a yellow guitar is hanging on a white shelf. The walls are orange and the floor is a light brown carpet. In the top right corner of the photo, there is a small white square with a black border and a play button icon.

You are invited to become...

A Play Volunteer!

Family Centre is a non-profit organization providing complete support for parents, couples, caregivers, individuals and families. We are a Government of Alberta Parent Link Centre.

What is a Play Volunteer?

Family Centre would love you to become part of its volunteer team by becoming a volunteer host in the Lethbridge Iron Works Indoor Playground.

We know you love children and just watching them play brings a smile to your face. We know your friendly outgoing personality will welcome parents and children to this fabulous indoor playroom. And, we know that you will introduce parents and caregivers to each other so they will be comfortable chatting together about parenthood.

As a **"Play Volunteer"** you will have the opportunity to familiarize people with the Family Centre facility and programs as well as chatting with them about what they may need to encourage fun and interactive play experiences.

Of course, you will need to complete all the regular volunteer requirements and forms but our Volunteer Coordinator will help you with that paperwork. Once that is done then... you can become a **"Play Volunteer"**.

A detailed job description is available on our website along with other volunteer opportunities. Please go to www.famcentre.ca and click on Volunteer, or call us for details.

**Healthy Children... Healthy Families ...
Healthy Communities**
